Art business details

Art business trading name 'Two Shoes Productions'.

Online marketing

2011 – Current **Freelance Artist at Two Shoes Productions (*Self-employed*)**

For the last five years I have been operating my own art business trading under the name 'Two Shoes Productions'. My artwork ranges from client-driven graphic design (signs, posters, promotional material and logos) through to unique commissioned pieces and organically derived original artworks.

I work in many mediums e.g. acrylics, watercolour, pencil, clay, wood, scrap metal, natural resources and repurposed material.

As an independent artist I sell locally at the Mount Dutton Bay Woolshed and seasonally at markets across southern Eyre Peninsula.

I maintain a digital and social media presence and sell online through 'Redbubble'. Online sales primarily consist of reproduction prints on items including cards, bags, clothes and phone covers.

In August 2016 I hosted my first private gallery and studio opening for the South Australian Living Artist festival. I've provided a few examples of my art below (with many more online).
